

WYPALL* Wipers vs. Rags

WYPALL* Wipers are a better alternative to rags in your industrial facility. Compare the lifecycles of WYPALL* Wipers and rags and you'll discover opportunities to consume less, reduce waste and cut costs.¹

CHOOSE

WYPALL* Wipers are contaminant-free and provide consistent size, shape and quality with each individual wiper.

It's a mystery!

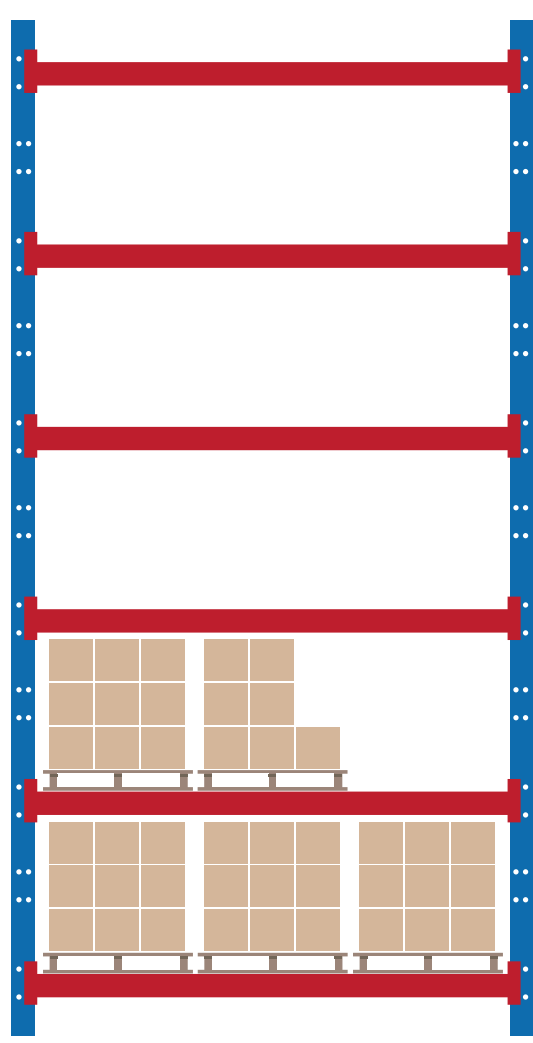

You never know what you'll get in a box of rags.

A box of rags – who knows what you'll get.

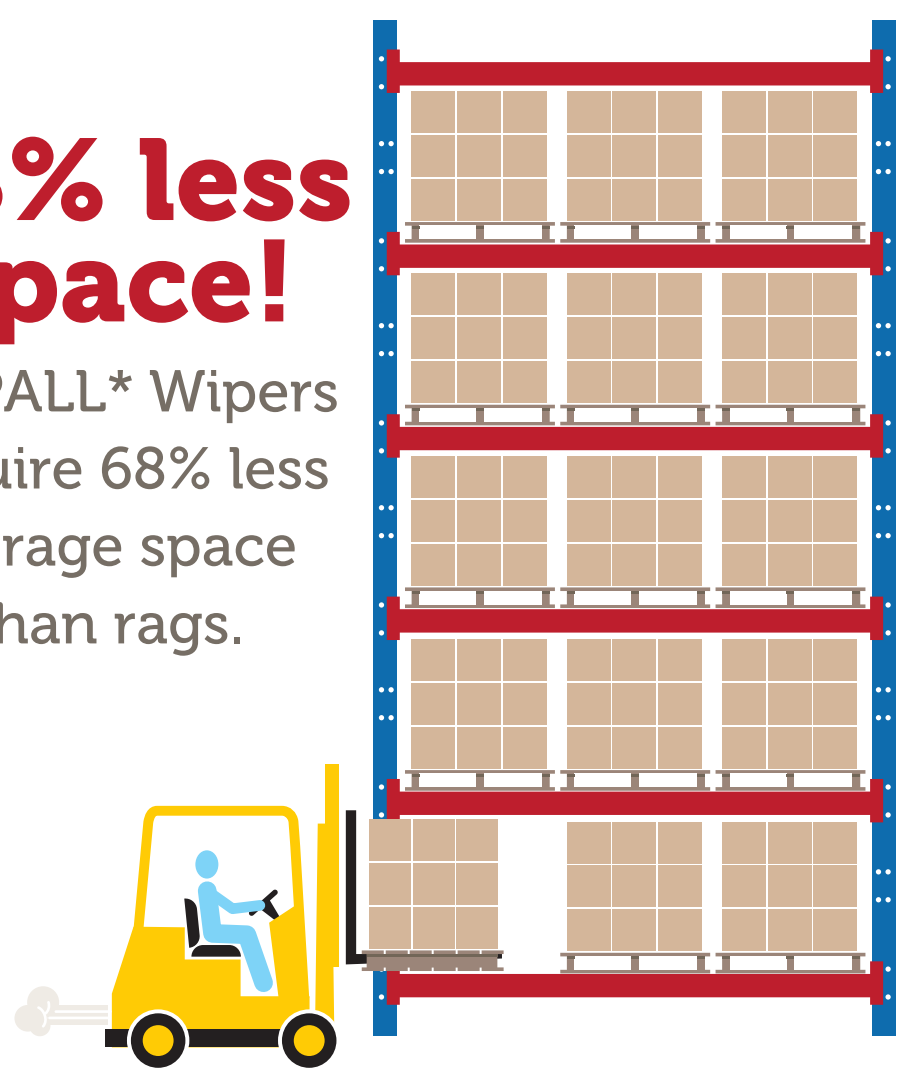

STORE

68% less space!

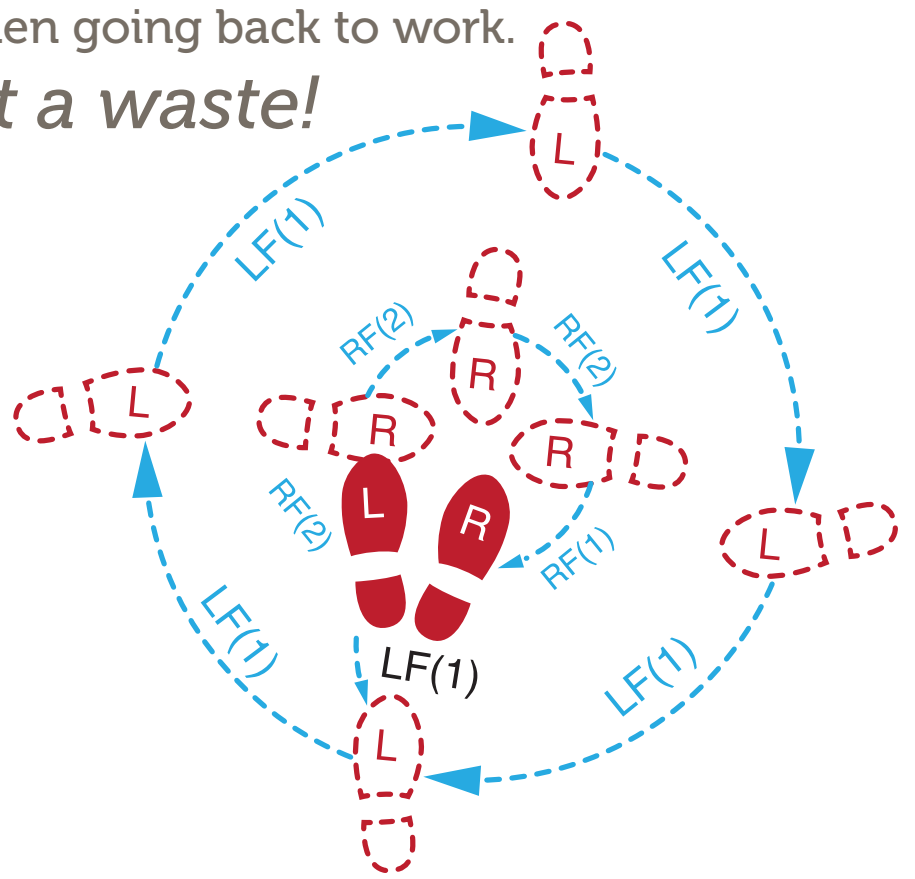

WYPALL* Wipers require 68% less storage space than rags.

DISPENSE

No more dancing!

Moving from work to the rag dispenser, selecting a just-right rag, then going back to work. What a waste!

USE

WYPALL* Wipers absorb more than

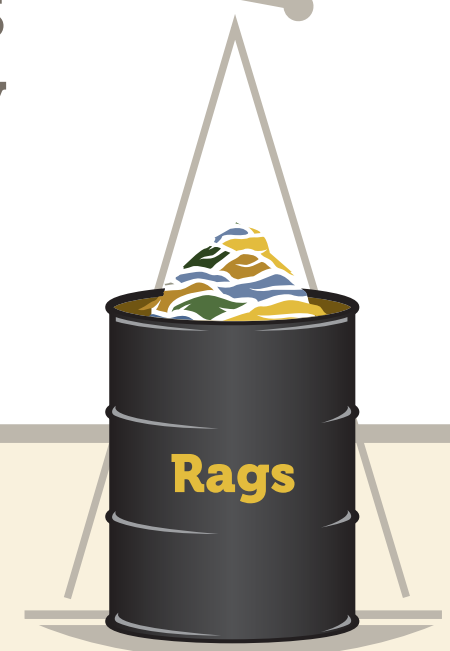

2x the amount of water as rags.

DISCARD

WYPALL* Wipers reduce waste by **78%** versus rags

If your business uses hazardous solvents and rags, the rags must be disposed of as hazardous waste. The weight of the rags will mean higher disposal costs than disposal of WYPALL* Wipers.

WYPALL* Wipers will help you reduce waste, improve productivity, and increase the overall efficiency of your operation.

See for yourself. Put the world's leading wiper brand to work in your facility today.
